

**Please Join the New York State Catholic Conference**

The New York State Catholic Conference is a dedicated group who lobby to have the New York State Legislature support initiatives and legislation which reflects Catholic teachings and values.

A major part of their work is to see that Catholic schools receive equitable state funding.

We ask all school parents to register with the conference. You will receive e-mails when it is needed that Catholics petition legislators to support Catholic issues. Listed below is the website. Please register.
